

**MINUTES of a Meeting of the FoBRA Committee  
on Tuesday 12<sup>th</sup> May 2015 at 6.30pm in Widcombe Junior School**

1. **a. Welcome** by Robin Kerr, Chairman, to 20 representatives – details/apologies, see over.  
**b. Minutes** of the meeting on 24<sup>th</sup> March, previously circulated, **were agreed** without dissent.
2. **FoBRA Priorities:** The Secretary initiated a discussion on his previously circulated analysis, updated following the previous meeting, subsequent suggestions and consultation. After a variety of contributions, the Chairman felt the sense of the meeting was agreement with **Reduction of Pollution** and **Traffic** being FoBRA's overriding aims for the next two years, supported by work on **Planning and Development Control** and on **Engagement** (as in the Annex). This was approved by acclamation.
3. **The Chairman's Report**, was previously circulated. After inviting any comments, he picked up on the following:
  - a. Visitors' Permits** for Residential Car Parking continue to cause annoyance, both in the central and outer zones, because, amongst other aspects, the number of permits granted to hotels and guest houses, is apparently without public consultation. It was **agreed that FoBRA should raise this concern** with the new Council administration.
  - b. Air Pollution** – Our priority. We must encourage the new Council to make rapid progress on implementing Bath's Transport Strategy, as promised, starting with the Eastern P&R and the A36/46 link and implementing our suggestion of creating a central Low Emission Zone. Action on prosecution of Moving Traffic Offences would be very helpful too.
  - c. Community Payback Scheme** – a good way for Associations to get stuff done, such as street or field clean-ups. Cost is not high.
  - d. New Item: Sir Nicholas Grimshaw** – a film company, planning a programme about the architect who designed the new Spa Centre, would like to interview anyone who initially hated it but has since been won round to think that its design blends well with the old. **Please ask your members** and let the Chairman know of any potential volunteers.
4. **Planning Report** by Vice-chairman Nick Tobin, previously circulated as Annex B, was noted with thanks. He confirmed that Peter Metcalfe, Chairman of the World Heritage Steering Group, will brief our next meeting on the WHS Management Plan currently being developed. He also sought views on the issues surrounding the serious **breach of Planning Conditions** at 43 Upper Oldfield Park. Following the discussion, he was asked **to contact the nearest Resident Groups before recommending any appropriate action by FoBRA.**
5. **Our Summer Reception** will be at Violet Bank Farm on Thursday 23<sup>rd</sup> July at 6.30pm – Please **circulate the information flyer issued with the Chairman's Report on 11<sup>th</sup> May to your members, and tell them that Tickets are available now** from the Secretary at £10 each until they run out (or until 17<sup>th</sup> July) whichever is earlier.
6. **Suggestions for next meeting on Thursday 16<sup>th</sup> July 2015:** World Heritage Site development plan; Chairman's and Planning Reports; Consequences of the Elections; Sale of Summer Party tickets if any still available;

**Other forward Dates: Thurs 23<sup>rd</sup> July (Reception) and Thurs 10<sup>th</sup> September.**

**Note:** Attendance and apologies on next page
